For this survey, we define discrimination and harassment as follows:

- **Discrimination** is the unfavorable treatment of a person based on that person’s race, ethnicity, national origin, socioeconomic status, age, perceived or actual physical or mental disability, pregnancy, sex, sexual orientation, gender identity, marital status, creed, religion, or political beliefs.
- **Harassment** is a form of discrimination consisting of physical or verbal conduct that denigrates or shows hostility toward an individual because of their race, ethnicity, national origin, socioeconomic status, age, perceived or actual physical or mental disability, pregnancy, sex, sexual orientation, gender identity, marital status, creed, religion, or political beliefs. Harassment occurs when the conduct is sufficiently severe and/or pervasive that it alters the terms or conditions of employment or substantially limits the ability of a student to participate in or benefit from the college’s educational and/or social programs.
