

2026-2027 HEDS Sense of Community Survey

This is a PDF representation of the online version of the survey. It includes all questions and response options, as well as notes (in italics) about how questions will display to survey takers.

[Institution Name] is using this survey to get a better understanding of the extent to which students, faculty, staff, and administrators feel a sense of community at [Institution Name] and the experiences that create or diminish community. [Institution Name] wants to create an environment where everyone feels welcome in the community.

Your participation is voluntary. The survey takes about 10 minutes to complete. You may stop taking the survey at any time or choose not to answer particular questions.

Your responses are anonymous. The survey is being administered by an independent organization, the Higher Education Data Sharing Consortium (HEDS). They will exclude any personal information, such as your name, email address, student or employee identification number, and your IP address, from the data they send to our institution. Please note, anything you write in the text boxes in response to open-ended questions will be sent to [Institution Name] exactly as you write it. If you do not want people at your institution to know who you are, please do not write anything that might identify you.

The [Institution Name] leader(s) of this survey effort [is/are] [name(s)], and [he/she/they] can be reached at [email address(es)] and/or phone number(s)].

By clicking “Continue,” you acknowledge that you are at least 18 years old, have read the information above, and agree to participate in the survey. Thank you for taking the time to share your thoughts. We appreciate it.
