

2026-2027 HEDS Survey Schedule

Updated: 7/30/2026

Please note, these registration and administration dates can sometimes change, such as when we extend an administration window, or if a survey opens for registration a day or two earlier or later than scheduled. We try to keep this schedule updated, but for the most up-to-date schedule as well as detailed survey administration information, please check each survey's individual webpage.

- Survey administrations may be anywhere from 3-weeks to 6-weeks long.
- You must register seven weeks (35 business days) before the date you want your survey to start.
 - Late registrations are only accepted in rare circumstances, and there will be a late fee.
