

HEDS Deposits

Thank you for participating in the HEDS Deposits 2018–2019 data exchange.

This is a follow-up to our spring deposits survey, which you may have completed. The purpose of this survey is to ask for updates and for information on transfer deposits. If you completed this survey during our spring administration, you will see your responses prepopulated in some of the fields below. You are welcome to update these responses if needed. If you did not participate in our spring administration, please provide the information below about deposits at your institution. The term "deposit" refers to a payment that accepted students must make to reserve their space in the class.

If you have questions about the HEDS Deposits data exchange, please contact Macanda Myers (macanda.myers@hedsconsortium.org; 765-361-6492).

1. Which of the following describes your institution's deposit deadline for first-time, full-time, first-year students?

- Institution has a deposits deadline
